Roosevelt Names Taft as His Political Heir and Successor.

OUR POLICIES ARE ALIKE"

President in Letter Asserts that the Wage Earner and Capitalist Alike Would Be Safe Under Taft as President of the United States.

Oyster Bay, N. Y., Sept. 14.—

President Roosevelt made public a letter sent to Conrad Kohrs of Helena, Mont., an old time cattleman and a leading citizen of the state, in which he states why laboring men and capitalists alike should vote for the election of William H. Taft for president.

Roosevelt wrote the letter as a reply to Mr. Bryan's recent statement that he alone was the true heir to Mr. Roosevelt politically, and was his natural successor to the presidency. The president's friendship for Mr. Kohrs, a pioneer citizen of the northern Rocky mountain region, dates from twenty years ago, when both men were members of the Montana Stock Growers' association. Mr. Roosevelt's letter in part is as follows:

"The last few years have seen a great awakening of the public conscience to the growth of a stern determination to do away with corruption and unfair dealing, political, economic, social. It is urgently necessary that a great reform movement should go on."

But no reform movement is likely if it is marked by periods of frenzied advance must always be followed, by equally violent periods of reaction. The true friend of reform is the man who steadily perseveres in righting wrongs, in striving against abuse, but whose character and training are such that he never promises what he cannot perform, that he always a little more than makes good what he does promise, and that, while steadily advancing, he never is led into foolish extremes."

In Mr. Taft we have a man who embodies all of those qualities to a degree which no other man in our public life since the civil war has surpassed. To a flaming hatred of injustice, to a hearty sympathy with the oppressed, he unites courage both mental and physical of the very highest order and a kindly generosity which makes him feel that his fellow countrymen are his friends and brothers."

Why for Business Men and Laborers. The honest man of means, the honest and low abiding business man, who feels safe in his hands. The honest employer, the honest laboring man, the honest trader or man of small means can feel that in a peculiar way Mr. Taft will be his representative because of the very fact that as the same person for the demand that he has for the corruption and that he would front threats of personal violence from a mob with the unflinching and lofty indifference with which he would front the bitter anger of the wealthiest corporations."

Mr. Taft and I have the same views as to what is demanded by the national honor and honor. There is no fight for democracy and fair dealing which I have waged in which I have not had his support and the policies for which I stand are his policies as much as mine."

Let Mr. Taft be judged by what he has himself done and by what the administration, in which he has played a conspicuous part, has done."

Mr. Taft can be trusted to exact justice from the railroads for the very reason that he can be trusted to do justice to the railroad."

While in all proper ways railroad rates must be kept low, we must also remember that we have to right the scales of justice to reduce them to the point of the reduction of the wages of the great army of railroad men. The man who promises to reduce the wages of railroad employees to the lowest point and at the

same time to reduce rates to the lowest point is promising what neither he nor any one else can perform, and if the effort to perform it were attempted disaster would result to both shipper and wageworker and ruin to business interests. The man to trust in such a matter as this is the man who, like Judge Taft, does not promise too much, but who could not be swayed from the path of duty. He will not favor a ruinous experiment like government ownership of railroads."

Applies to All Trusts.

What is said as to his attitude on the railway question applies to the whole question of the trusts.

If there is one body of men more than another whose support I feel I have a right to challenge on behalf of Secretary Taft it is the wageworkers of the country. A fairer and truer representative they cannot find within the borders of the United States. He will do everything in his power for them except to do that which is wrong."

Mr. Taft has been attacked because of the injunctions he delivered while on the bench. I am content to rest his case on these very injunctions. Most assuredly he never has yielded and never will yield to threat or pressure of any sort, as little if it comes from labor as if it comes from capital."

His record as a judge makes the whole country his debtor."

As for the attack upon his injunctions in labor disputes I ask that the injunctions be carefully examined. I ask that every responsible and fair-minded member of a labor organization read these injunctions for himself. If he will do so he will heartily approve of them and will recognize this further astonishing fact that the principles laid down by Judge Taft which laboring people are asked to condemn are the very principles now embodied in the laws of every responsible labor organization. They mark the judge who rendered them as standing for the rights of the whole people. As far as daylight is from darkness so far is such a judge from the time server, the truckler to the mob or the cringing tool of great, corrupt and corrupting corporations."

Let all fair-minded men, wageworkers and capitalists alike, consider yet another fact. In one of his decisions Judge Taft upheld in the strongest fashion and for the first time gave full vitality to the principle of the employers' liability for injuries done workmen. This was before any national law on the subject was enacted."

On the bench Judge Taft showed the two qualities which make a great judge—wisdom and moral courage. They are also the two qualities which make a great president."

TRAGEDY IN TENNESSEE.

Physician Attempted to Kill His Wife and Then Suicided.

Nashville, Tenn., Sept. 14.—A Morristown dispatch says:

Dr. David Devere, at one time a practicing physician at this place, after attempting to kill his wife on the streets here Friday, walked to a stable nearby and shot himself through the brain, death resulting instantly."

Dr. Devere, who is an old man, and his wife had been separated for a year or more. For several weeks past Devere had been trying to effect a reconciliation, but his overtures had been frequently repulsed by Mrs. Devere and a short time ago she threatened to appeal to the authorities in case she was again molested."

Seag Sinks Steamer.

Kansas City, Sept. 14.—The freight and passenger steamer Tennessee, bound from St. Louis for Kansas City, struck a snag in the Missouri river five miles south of here Friday and sank in nine feet of water. The few passengers aboard and the crew reached the shore in safety. There was but little excitement."

Traffic Again Resumed.

Union, S. C., Sept. 14.—After being blocked for 18 days on account of heavy damage to nearly forty miles of track by the great flood, through traffic on the Southern railway between Jacksonville, Fla., and Chattanooga, O., by way of Columbia, Union and Asheville, has been resumed."

GRAVES IS NOTIFIED

Of His Nomination by the Independence Party.

WILLIAM R. HEARST SPOKE

Nearly 2,000 People Assembled at the Casino, in Atlanta, to Witness the Notification Ceremonies—Hiegan Was Also Present.

Atlanta, Sept. 14.—Between 1,700 and 2,000 men and women gathered at the Casino Friday night to hear John Temple Graves, notified of his nomination by the independence party for the high office of vice president of the United States.

Hearst Made Speech.

It had been widely advertised that Mr. Hearst, former congressman and one time candidate for the presidential nomination by the democratic party,

JOHN TEMPLE GRAVES.

and owner of the New York American and other large papers, would speak, and in his speech they were not disappointed."

The speech was received with great applause. His speech was taken up largely in tracing his course and that of his papers in national politics, telling of his support of Mr. Bryan for two terms and his opposition to him this time."

The notification meeting was set for 8 o'clock, but long before that hour every seat in the Casino was occupied, the stage was packed, every box was taken and the crowd, three or four deep, stood up in the rear and down the aisles as far as the fire rules would permit."

Greeted With Applause.

Matheson's band played a lively concert up to 8:15 when the notification party arrived. They were greeted with a round of applause as they stepped upon the stage."

First came Hon. Thomas L. Hiegan, of Massachusetts, nominated by the independents for president of the United States; Hon. Clarence J. Shearn, the prominent New York lawyer and counsel for Mr. Hearst and his papers; John Temple Graves, editorial writer on Mr. Hearst's New York American and nominee for the vice presidency by the independents; William Randolph Hearst, the organizer and sponsor of the independence party and publisher of the New York American; Max Baucus, political manager for Mr. Hearst, and Edward B. Clapp, national committee man for Georgia from the independence party. Mr. Clapp presided at the meeting and in a brief speech introduced Mr. Shearn, the first speaker, and also Mr. Hearst."

Mr. Graves Is Notified.

In notifying Colonel Graves of his nomination for vice president of the United States by the independence party, Mr. Shearn said the movement of the new party already winning the promise of power in the political ring

of New York. He said the new party stood for progress and independence. It seemed to him, he said, that the south should give the warmest welcome to a party with such aims and purposes."

Mr. Graves accepted the nomination in a strong and able speech and in his usual graceful style of oratory."

GEORGIA LEGISLATURE.

Both Houses Adjourn—Extra Session Goes into Another Week.

Atlanta, Sept. 14.—The house would like to do something, but there is nothing before it that has not already been acted upon by the house in some shape or other. No new bills are being introduced, for the majority, by an overwhelming vote, has already a bill satisfactory to themselves. Therefore, the house stands and waits."

All Friday morning the house waited while the senate filibustered."

Finally at 12:40 the house practically adjourned until Monday morning at 10 o'clock."

The members earnestly hope that something may be done by the senate soon, the tension relieved and the extra session brought to a close."

The senate Friday also adjourned over until Monday and the legislature starts another week as empty-handed as the day the body assembled."

The adjournment of the senate from Friday until Monday caused great surprise throughout the capitol."

The cost of the session so far amounts to \$32,000. For this expenditure of public funds the state of Georgia has as yet received no appreciable benefit."

MADE DARING ESCAPE.

Negro Mail Clerk Dived from a Train Into Black Bay.

New Orleans, La., Sept. 14.—A. P. Mitchell, a negro mail clerk running between New Orleans and Montgomery, Ala., on the Louisville and Nashville railroad, made a daring escape Friday after having been placed under arrest on the charge of robbing the mails, by diving from a fast moving passenger train into the waters of Black Bay, near Biloxi, Miss."

A postoffice inspector of Atlanta boarded the train at Ocean Springs, Miss., and placed Mitchell under arrest. The negro waited until the train started across the high bridge over the bay, when he made a dash for the open mail car door and plunged out, falling in the water about 200 yards from shore. When the train was finally brought back to the bridge no trace of the negro could be found. He was last seen swimming for the shore, and it is believed he made a successful escape."

EXPLOSION OF GAS.

Five Workmen Probably Fatally Injured in Plant at Chicago.

Chicago, Sept. 14.—Five employees of the Wahl Adding Machine company were possibly fatally injured Saturday by an explosion of illuminating gas in a wall safe in the plant of the company at 405 Ohio street."

The explosion occurred when the vault was opened and an attempt made to light the gas jet. The third and fourth floors of the buildings were wrecked and for a time it was believed that the injured persons were killed. Four women and a man were seriously injured and taken to hospital."

A number of other employees were slightly injured."

Countess Szachenyi in Rome.

Vicenza, Sept. 14.—Countess Szachenyi, accompanied by her mother, Mrs. Cornelia Vanderbilt of New York, arrived here Friday. The countess is in the best of health. The visit is for the purpose of consulting a prominent gynecologist. Count Szachenyi is attending the army maneuvers in Hungary."

Marriage Was Secret.

London, Sept. 14.—Maud Stucholme, the English actress, was married secretly in a London registry of Sep. 4, to Francis Horrell, son of General Herbert Horrell. The groom gave his age as twenty-six and that of the bride was given as thirty-one years."

SENSATIONAL FAILURE

Startling Revelations Regarding Denver Concern.

A \$12,000,000 CORPORATION

It is Charged that the Books of the Concern Have Been Juggled for a Period Extending Back for Three Years.

Denver, Colo., Sept. 14.—Revelations of a sensational nature were made public Saturday regarding the failure of A. Booth & Co., the \$12,000,000 fish, game and sea food corporation, which was placed in the hands of a receiver Thursday."

That the concern's books have been juggled for a period extending back at least three years is charged in a circular sent out by the interest bankers, who also set forth that in the company's statements \$1,200,000 had been deducted from the liabilities and the books made to balance by a similar juggling in the asset column."

By reason of this manipulation, it is alleged, the corporation has been able to float paper that otherwise might not have been accepted by the purchasers."

So serious are the various charges that it was freely predicted the failure would find an echo in the criminal courts. Members of the Booth family, however, are said to be in no way involved in any questionable transactions. They are said to have been the heaviest losers by reason of the mismanagement of others, in whom they had imposed confidence."

It was declared by one of the members of the committee that through the inaccurate statements every bank that has bought Booth & Co.'s notes in the last year has been misled. There are in all more than one hundred banks throughout the country that held the company's paper."

INFERNAL BOX IN MAIL.

Attempt to Assassinate Governor Fort Was Frustrated.

San Geronimo, N. J., Sept. 14.—An attempt to assassinate Governor Fort, of New Jersey, has been thwarted by the watchfulness of postoffice employees who discovered in the mail an infernal machine addressed to the governor."

The package was a cleverly contrived combination of powder, bullets and matches, which had been so arranged that had the governor opened it in the ordinary way there is little doubt it would have killed him."

That the death-dealing package was interrupted before it had reached its destination was due to the vigilance of the postal officials who have scanned the governor's mail with unusual care since the executive's recent crusade against violation of the law at Atlantic City. The attitude taken by the governor when he directed that the excise and other similar laws at the great seaside resort be strictly enforced and even threatened to order out the militia if necessary to the end, aroused great resentment in some quarters."

Called to Meet Oct. 6.

Washington, Sept. 14.—The call for the twentieth annual convention of the National Association of Railroad Commissioners to be held in the rooms of the interstate commerce commission in this city on Tuesday, Oct. 6, was issued Saturday by William H. Connally, secretary of the association, and acting secretary of the commission. Many important questions are to be considered and acted upon."

Struck by Train: Two Killed.

Cleveland, O., Sept. 14.—Four men walking on the track of the Lake Shore road at West 26th street Saturday were struck by a rapidly moving freight engine. All of the men were thrown high into the air. Two of them fell under the wheels of the engine and were killed. Another was so badly hurt that he died while being taken to a hospital. The fourth man escaped serious injuries."

WASHINGTON WILL SOON BE GAY AGAIN

Summer Vacation Is Over For Officials
And Fashionable Set.

WHITE HOUSE READY TO RECEIVE

President Roosevelt and Family—Enlargement of the Navy Will Be Urged—Panama Canal Will Be Completed in Four Years.

Washington, D. C., Sept. 14.—Mountains of trunks at the railroad station and on express delivery wagons, and familiar faces on the streets, expensive touring cars and carriages on the fashionable avenues and circles and in the parks, are convincing that the summer vacation is over and that the fashionable, political and diplomatic throngs are rapidly returning to Washington. The President is expected this week and the White House has been prepared for his reception. His horses, which have been in pasture in Maryland, about ten miles from the city, are ready for service and are no doubt improved by their summer outing.

The British Ambassador, Mr. Brice, is on the sea returning from a summer spent in England, and the Swedish minister is returning to Washington, after a year's absence spent in his Scandinavian home. The smoothness with which international affairs run on in spite of the absence of diplomats suggests that these heritages from a past age may be a lagging superfluous on stage, and that the Atlantic cable and the swift lines may have made diplomacy, or at least its gaudy representatives, somewhat useless. The coming season in Washington, with its grand climax of the inauguration on March 4th of the next President, will doubtless be interesting and eventful.

The President, it is said, will continue to urge an increase of the battleship output; an enlargement of the military force, and of all those policies and enterprises now so well known under the Rooseveltian classification. It is not expected that a complaisant Congress will grant all he wants, but whether it may be President Taft or President Bryan after March 4th, 1909, the Roosevelt influence will actively live in legislation and administration long after he is in the wilds of Africa or in his grave.

Recent advices at the War Department seem to presage that the Panama canal will be dedicated by a President whose Christian name is William. Most encouraging progress is making in this great work, and if the increase in progress is kept up it is probable that it will be finished in four years. It is hinted that night shifts may be used on the canal, or on certain parts of it, thus greatly hastening the work. Now that the establishment of homes and hospitals is so complete and the whole working area is or may be made as light by electricity as need be, there would seem to be good practice in working during the cooler tropical nights.

Apropos of the return of the most conspicuous man of the times to the city, the interest in the personality of President Roosevelt is unabated and survives even in the midst of a Presidential campaign. It is now known that the report of the attempted assassination near his home at Sagamore Hill was without foundation. His cousins on a nearby farm were firing at a target while he was riding in the vicinity, and a tramp who was trying to pester him was arrested the same day. The arrest of insane or cranky tramps trying to approach the most conspicuous person in the land, whether the land is America, Europe, or Asia, is an incident of almost daily occurrence.

It is well understood that the President will continue his strenuous life in the wilds of Africa, after his present Presidential term, and the contrast with his duties there and here will be as sharp as can be imagined, yet there will be little that is unfamiliar to him. He has hunted big game in other wilds, and whether in the Rocky Mountains, or the prairies, or bad lands of the West, or the jungles of the dark continent, or as the orator said, "whether in courts or camps, he seems proof against

peril and empowered with ubiquity. President Roosevelt is a good shot, and this is the more remarkable in that he cannot see without specially ground eye glasses. He always wears them, whether he is jumping fences or shooting. He is almost blind without his glasses, but with them is one of the best marksmen in the country.

Army officers are much interested in the report that the annual message of the President to Congress will urge the increase of the army until its rank and file shall number at least one hundred thousand men. They are specially interested in this bill, because they know that the increase of the number of men would mean that most of them would be advanced at least one grade and possibly two, and that almost all of their number would in some way be bettered by the change. There are about six hundred officers who are detailed to work for special purposes and who, while counted in the regular military establishment, have nothing now to do with it and whose services are absolutely needed where they are. In many instances, at present, there are captains and lieutenants who have charge of companies without any other officers under them at all, where, according to military regulations, there should be two. These officers are detailed for special work at the War College, the various other institutions of instruction, such as those at Fort Leavenworth, Fort Riley and other places, while some are acting as attaches of legations in Europe and Asia.

Death of Miss Ora Sue Mitchell.

JESSE ROSS IS NOW BEHIND STEEL BARS

Murderer Is Captured After Being At Large For Over A Year.

KILLED A NEGRO AT WADE

Was Some Time Before Body Was Found, When the Hogs Had Eaten Head Off the Victim's Body—Dead Man Could Scarcely Be Identified.

After evading the officers for almost a year, Jesse Ross has at last been captured, the arrest being made by Deputy Sheriff I. C. Walker at Alachua on last Saturday evening.

The negro in the early part of last spring foully murdered one of his companions at Wade, and although a strict lookout has been kept for the fugitive he was not landed until the above time.

The unfortunate victim was murdered and the body lay in the woods for several days before it was found, when it was discovered by the presence of vultures which were seen congregating above it.

The head of the dead negro had been eaten off by hogs and at first the victim could scarcely be identified, but, as he was missing and also his assailant, it was soon discovered who the party was.

Ross, for whom a warrant has been out for since the occurrence, has kept himself in hiding and has spent most of the time in the western part of the county ever since the killing, and so successful has he kept himself hid that he was not captured until he became too bold and ventured to Alachua station on Saturday.

THE MIGHTY POWER OF MI-O-NA.

Mi-o-na, that extraordinary and perfect stomach tonic, will relieve dyspepsia in twenty-four hours.

It will cure, and is guaranteed by J. W. McCollum & Co. to the readers of The Sun to cure the most pitiful cases of dyspepsia, if taken according to directions.

Mi-o-na tablets not only cure dyspepsia, but all stomach disturbances, such as vomiting of pregnancy, sea or car sickness, and the stomach sickness after excessive indulgence.

Mi-o-na cures by strengthening and invigorating the flabby stomach walls, and after a course of Mi-o-na treatment, constipation, if there is any, will entirely disappear.

Read this from the president of a New York corporation:

"I have been a terrible sufferer from dyspepsia and gastritis for two years. The most eminent physicians prescribed for me with no effect. I have been absolutely cured by your Mi-o-na tablets. The first one gave me a relief almost incredible."—Herbert H. Taylor, 501 West 143 street, New York City.

Mi-o-na is a most economical treatment—a large box of tablets only costs 50 cents at J. W. McCollum & Co.'s, and the dyspeptic, nervous or otherwise, who does not give them a trial, is losing an opportunity to regain health.

The Woman's Foreign Missionary
Society of the Methodist church will
meet at the church this afternoon at
4 o'clock. A full attendance of all
members is desired, as business of
importance will come before the
meeting regarding the winter's work.

V. H. Bell of the Seaboard offices
has returned from a month's visit to
Coshocton, Ohio, where he and his
daughter, Miss Mary, visited old
friends and relatives. He was called
to Waldo yesterday owing to the
serious illness of his wife, who is re-
ported as being in a critical condi-
tion.

There was a lively runaway yester-
day, when the mule attached to the
trash wagon, became frightened on
East Mechanic street and made a
bold start up West Main street, scat-
tering the trash in every direction.
The animal was stopped, however, be-
fore any damage resulted to the
wagon.

G. L. Low and E. F. Reeves of Fern-
andina arrived in the city yesterday
and proceeded to Rocky Point, where
they will spend several days visiting
the family of T. F. Davis of that place.
Mr. Low had the misfortune to lose
his suit case from the buggy after
leaving the depot, and the finder will
please leave same at this office.

Sandy Graham, who has been absent
for the past few weeks playing ball
with the Tallahassee team in West
Florida, returned to his home here
yesterday. He will play with the
West Florida boys in their games
with Fernandina, which will occur in
Jacksonville on the 16, 17 and 18th
inst. at the South Side park. These
games will decide the amateur cham-
pionship of the State.

HIGH SPRINGS HAS
A GRAND OPENING

Teachers and Pupils Enthusiastic Over
the Opening of School.

OVER ONE HUNDRED ENROLLED

Many of the Patrons Turned Out to
the Exercises and Are at Work
With the Faculty to Improve This
Already Flourishing School.

The High Springs school opened
for the session 1908-09 on Monday
with the most promising prospects
in its history.

There was an enrollment of over
one hundred and fifty for the first day,
and this is expected to be largely ad-
ded to as the country people begin to
send their children to the place to
obtain the excellent school facilities
afforded there.

Prof. W. H. Main, Misses Elsie
Smith, Pearl Ware and Susie Bain
will compose the corps of instructors
for this session, and they have enter-
ed upon their work with a vim and
propose to make this a banner term.

Much interest is being manifested
by the patrons, who propose to work
with the teachers in an endeavor to
make the school second to none in
the junior class.

By special invitation County Super-
intendent Kelley was present at the
opening exercises, and he expressed
himself as highly pleased with the
start made by the institution. He has
selected an excellent corps of in-
structors and feels satisfied that they
will be found doing their duty in
every respect.

Mr. and Mrs. F. B. Atwater of High
Springs were in the city yesterday,
having come for the purpose of enter-
ing their daughter in Miss Tebeau's
school. There is no better institu-
tion in which to place your children
to obtain an education and proper
training, and the people of different
sections of the State are becoming
aware of this fact, as attested by in-
creased enrollment each succeeding
year.

G. Henry Davis, who has been ab-
sent for the past three weeks to
points in Georgia, and incidentally tak-
ing in some of the ball games in
West Florida, has returned to his
home in this city. The mere fact
that many of Henry's old Oak Hall
aggregation are assisting the Tallahas-
see boys makes him feel as if he had
a double interest in Tallahassee win-
ning out in their championship series
to be played in Jacksonville Wednes-
day, Thursday and Friday.

Attention is directed to the adver-
tisement of N. Francisco, the up-to-
date fruit dealer. He is the only ex-
clusive dealer in fruits in town who
has established the free delivery sys-
tem or who has a telephone. Nic, as
he is familiarly known, is a great
bustler and carries an exceedingly
large stock for a town the size of
Gainesville. If he has not got what
you want in the fruit line it is not
to be found here. We bespeak for him
an increased patronage. His phone
number is 223.

Important Realty Transfer.

The handsome residence formerly
owned by A. M. Cushman, and one of
the most commodious and imposing
structures on East Alachua avenue,
has been sold to Mrs. Hutchinson, who
will in future reside there, together
with Dr. C. L. Carter and family.
This is one of the most desirable
properties in that section and the
purchaser is fortunate in securing it.

GET FAMILIAR WITH THESE.

As there will be a large number of Presidential Electors on the ballot at the election in November it behooves Democrats to become familiar with the Bryan electors, which are as follows:

For Presidential Electors:

H. P. BAILEY.
P. W. BUTLER.
ROBT. E. DAVIS.
GEO. C. MARTIN.
SAMUEL PASCO.

Paste this list in your hat, so that when you are asked who the Democratic electors are you may be prepared to give the desired information.

KEHOE-MAYS CONTEST.

The contest for Congressman from the third district is now truly in a muddle. Some weeks ago the committee, by a bare majority of one, declared Kehoe the Democratic nominee, and his name was certified to the county commissioners to be printed upon the ballots. Judge Malone then ordered the committee to reconvene and canvass the returns as certified to by the various county committees. When the Congressional Committee met in pursuance of this order the chairman was absent with the returns, and thereupon Judge Wolfe issued an order restraining the committee from canvassing any but the original returns. The committee, however, by a vote of 8 to 5, declared Mays the nominee, as shown on the face of the returns, and now five members are in contempt of Judge Malone's court and eight in contempt of Judge Wolfe's order.

Prior to the second meeting of the committee Kehoe had sued out a writ of error in the supreme court against Judge Malone's order, and he will now ask for an order restraining the certification of Mr. May's name to the county commissioners by the Secretary of State, as well as an order enjoining the printing of Mays' name on the official ballots.

It's a pretty kettle of fish, and the final outcome will be awaited with much interest.

The many friends of Mrs. H. Clay Crawford, wife of Florida's honored Secretary of State, will learn with regret of her death at Asheville, N. C., on the 14th inst. Mrs. Crawford was a sister of Mrs. Wyatt of this city, and deceased had many friends here. She was a most lovable Christian character, and the heart of every citizen of Florida will deeply sympathize with the bereaved husband in the loss of so beloved a helpmate and the children such a devoted mother. God give them all strength to bear their great burden of grief.

It is with regret that the numerous friends throughout Florida of John Pendrel, for the past eight or nine years the genial and efficient traveling passenger agent of the Clyde Line, will learn that he is no longer connected with the line, having been succeeded by Chas. Davies. Mr. Pendrel has labored faithfully and efficiently for the Clyde Line, and has made many friends, all of whom hope to see him "in harness" again in a short time. No transportation man in Florida is more widely known or more popular.

MR. FEASTER'S GOOD WORK.

J. K. Feaster, member of the Alachua County Democratic Executive Committee from the fifteenth district (Rochelle) is the right man in the right place, for he shows his faith by his works, as all good Democrats should. He is the second member of the county committee to respond to Chairman McKinstry's call for contributions. Dr. H. L. Montgomery of Micanopy being the first, and how well Mr. Feaster has performed his patriotic duty is demonstrated by the following list of contributors:

Rochelle, Fla., Sept. 12, 1908.
Hon. H. H. McCreary,
Gainesville, Fla.:

Dear Sir: As per appointment and request of Dr. J. F. McKinstry, Jr., I have circulated a subscription list in election district No. 15, and as result of same I herewith beg to hand you copy of list and express money order to cover \$21.25 as a donation from our district to the cause of Democracy.

Yours very truly,

J. K. FEASTER.

The Sun congratulates Mr. Feaster upon his good work, and if other members of the committee will exercise similar efforts and show the same patriotism as have Mr. Feaster and Dr. Montgomery, the contribution to the Bryan and Kern campaign fund will be of such amount as to accomplish something for Democracy. Shall it be said that your district, through lack of proper effort on your part as its representative, contributed nothing to this fund? This is the people's battle, and if they expect to win the fight they must contribute the sinews of war, otherwise the corporations will continue to control the country.

The condition of The Sun's Democratic campaign fund now stands as follows:

Previously acknowledged and remitted \$74.50
Oscar H. Thomas 1.00
J. K. Feaster's list 21.25
Total \$96.75

We would like to make our next remittance at least \$25.50, so as to run the total to \$100. Who will contribute \$3.25 to make up this total? Some good Democrat should do it; do it now; do it today.

CHANGED HIS OPINION.

No man was more bitterly opposed to the election of W. J. Bryan in 1896 than Henry Watterson of The Louisville Courier-Journal, the greatest living editor. But no man has ever met Col. Bryan personally and conversed with him for a while who has not left his presence with feelings of the highest personal esteem and conviction that the great commoner is actuated solely by what he deems for the best interests of the American people. Here is what Mr. Watterson has to say of Col. Bryan since he has come to know him:

"Mr. Bryan upon acquaintance proved different from my preconception of him. I met not a visionary orator, but a man of sense, in deadly earnest, direct and candid. Coming to know him better, seeing him in his home, I found a man able and sincere, devoted and devout, having a child-like faith in the people, in God and truth. I changed my opinion altogether. I felt that I had done him injustice. I would as soon trust him in the White House as George Gray or Richard Olney; and I believe that when he gets there militant Democracy of the school of Jefferson and Jackson and Tilden will renew its youth and vigor, leading the way to such reforms in the National House and Senate as will restore to them their legislative functions and give the people assurance of real and lasting good."

Every citizen of Florida should take his State paper in preference to one published in some other State. The FLORIDA Times-Union is the equal of any of the metropolitan papers in the way of telegraphic news and editorials, and besides gives the news from every hamlet in the State. It is a credit to the sparsely populated State in which it is published and should be patronized by every Floridian who has the interest of his State at heart.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weaker out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The present high school building at Lakeland has been sold and another one built that will meet the increasing demands.

The postoffice at Jupiter, in Dade county, has been discontinued, and the inhabitants of Jupiter will have to go to the neighboring planet, Naples, to get their mail.

The home of Mr. and Mrs. B. K. Young at Lakeland was destroyed by fire early last Tuesday morning. Four hundred dollars in bills, the property of Mrs. Young, was lost in the fire.

The city council of St. Augustine instructed the mayor of that city to make a contract with the Welsbach Lighting Company to light the streets for the next year. The city is to have 150 sixty-candle-power Welsbach street lights on an every-night schedule for a period of one year at a cost of \$100 per light per annum.

The officials of the F. E. C. Railway Company are complaining that the selling of liquor at the camps is hindering the progress of the work. The baneful influence of the "kill-switch" unlawfully sold demoralizes the men. The authorities have called upon to put down the vice, and Mr. Byson, the deputy sheriff, seems alive to the demands of duty.—Key West Advertiser.

The Stanleys live in the rear of the store, but no one was at home when the fire broke out. Mr. Stanley being in his work. There was a high prevailing wind which threatened the destruction of the Grand View Hotel and the Big general merchandise store. The rains had left these buildings in a dampened condition and this condition probably insured their destruction. Citizens believe the fire to have had incendiary origin.

Water is considerably wrought at present over discoveries made by a photographer named Langley. Young maidens of water are alleged to have been led into his studio where Langley is unduly familiar with them. He stated that pictures objectionable to the extreme were also made. Langley's practice was discredited in indignation meeting was held. BOY SCRATCHED DAY AND NIGHT

Eczema Began When a Tiny Baby and Lasted 7 Years—Tore Crusts from Face Till It Was All Raw—Screamed with Pain and Could not Sleep—Though Specialists Failed

CUTICURA EFFECTED A WONDERFUL CURE

"When my little boy was six weeks old an eruption broke out on his face. I took him to a doctor and got ointments and medicines but his face kept on getting worse until it got so bad that no one could look at him. His whole face was one crust and must have been very painful. He scratched day and night until his face sometimes looked like a raw piece of meat. I was nearly insane with his scratching day and night. Then I took him to all the best specialists in skin diseases but they could not do much for him. He sometimes screamed with pain when I put on the salve they gave me.

"When he was two years old the eczema got on his arms and legs so that I had to keep them bandaged up and I made gloves for his hands so the nails could not poison him worse. We could not get a night's sleep in months and my husband and I were all broken up. Then my mother asked why I did not give up the doctors and try Cuticura. So I got a set and he felt relieved the first time I used them, the Cuticura Ointment felt so cool. He used to wake up and ask for Cuticura to be put on when he itched so badly that he could not sleep, and he would say, 'Oh! Mama, that makes my sores feel so good!' I gave the Cuticura Remedies a good trial and gradually the eczema healed all up and now he is as well as any other children. He is now seven years old and the cure has lasted two months, so I think it will never return. I can't tell you how glad I am that Cuticura did such wonderful work in our case and I shall recommend it everywhere. Mrs. John G. Klump, 80 Niagara St., Newark, N. J., Oct. 17 and 22, 1907."

A single set of Cuticura Remedies, consisting of Cuticura Soap (25c), Ointment (50c), and Resolvent (50c), or Pills (25c per box of 60), is often sufficient to cure. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. Mailed Free, Cuticura Book on Skin Diseases.

get his affairs in shape and leave the community. Langley was notified of the decision and immediately commenced preparations to leave. Had he not agreed to this it is alleged he would have received rough treatment.

Electricity is life. Early Sunday evening while the ten-month-old girl infant of Mr. and Mrs. Arthur Reese, Woodlawn avenue, lay almost gasping her last after a severe illness, and while the heavens were lighted continuously by flashes of zigzag lightning, Mr. and Mrs. Reese thought the little girl would live only a short time. Not a block away a bolt struck the home of W. A. Dixon, destroying the home and causing other havoc nearby. Following the thunderstorm the little girl showed a much improved condition. Mr. Reese believes the electrical discharge materially assisted in bringing about the improvement.—Tampa Tribune.

Man, Seventy-Nine Years of Age, Charged with Counterfeiting.

Kansas City, Mo., Sept. 14.—Geo. Sands, seventy-nine years old, was arrested by local authorities at his home in Kansas City, Kan., Friday night, on a charge of making counterfeit money. Five glass fruit jars containing a total of 238 spurious silver dollars were dug up in his back yard.

Plaster of paris, lead, zinc and quicksilver were found in Sand's home, and the police say he admits having been arrested on a similar charge in New Jersey.

Tuquage Under Heavy Bond. New Orleans, La., Sept. 14.—The charge of \$30,000 embezzlement against Vital Tuquage, a city treasurer's clerk will not be further acted on until expert accountants complete their examination of Mr. Tuquage's books. Promoter John J. Gleason made the match and half of the receipts will be divided between the fighters on a basis of sixty and forty per cent.

CAUGHT IN THE ACT.

An Interesting Story Concerning a Former Mayor of Gainesville.

The Jacksonville Floridian of September 12th contains the following story regarding John F. Bartleson, who was for two terms mayor of Gainesville, but who for some years has resided in Jacksonville, where he is now engaged in the auction business:

"John Bartleson says he can't take off his shoes any more as he speaks into his home in the wee sma' hours."

"He tried the old game one time too often the other night, and was caught good and hard. His wife had improvised a new kind of an alarm clock, and as John's big number eleven came down on the myriads of inverted tacks strewn upon the staircase, the stillness of the night was broken by a scream that split the ceiling and shattered the window panes."

"His many friends are glad to see him out again, and though very painful to him, he is wearing both shoes. The 'antiphlogistine' with which they are lined enables him to hobble around pretty well, but he is naturally very sensitive over the occurrence, not because of the pain specially, but over the humiliation of being caught, and we warn the public generally that it is really dangerous to ask him what he is limping about."

"But 'John, the Screamer,' could offer old Solomon many splendid amendments to his 'It's all vanity and vexation of spirit!' He now says 'It really pays to be good!'"

The West Indies Hurricane.

The latest information last night of the tornado which originated in the West Indies some days ago and was reported as headed for Florida, was that it was off Key West and proceeding in a northerly direction. If it continues in that course it will not hit the Florida coast, but will cross the Gulf of Mexico. Storm signals were still displayed at all Atlantic and Gulf Coast ports last night, however, and vessels warned to remain in port, as these West India tornadoes are liable to change their course at any moment.

The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize-fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach we are utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Dr. Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

GAINESVILLE WAS NO MATCH.

The Fast Daytona Team Showed Them How to Play Ball.

The game of ball at the park Monday between the Daytona colored team and the University City boys resulted in a walk-over for the visitors.

The Daytona darkeys know the game, and know how to play it from every standpoint, and it is a surprise that they even allowed the local colored team to score as many as five runs.

One of the features of the visiting team was the immense wallowing they gave the ball at every opportunity. They did what no other team, white or colored, has ever yet done on the diamond here, that of knocking three home runs in one game.

They will play again today at the park, the game being called at 3:30 o'clock, and the Gainesville end expects to strengthen their team for the contest and give them some show for traveling so far to play ball.

FALSE, SAYS MR. BRYAN.

He Alluded to Statement Made by Hearst in Atlanta.

Cumberland, Md., Sept. 14.—Continuing his campaign eastward, William J. Bryan, democratic candidate for president, arrived here at 8 o'clock on Saturday morning, in his special car, Olivette, over the Baltimore and Ohio railroad. John T. Mc Graw, national committeeman from West Virginia, and whose guest Mr. Bryan was at Deer Park, accompanied him from Wheeling.

Mr. Bryan was asked regarding the statement made at Atlanta by Mr. Hearst that Mr. Bryan four months ago asked this support for the presidency, promising to support Hearst in 1912. "Absolutely false," was the only comment the democratic candidate would make.

Election in Alabama.

Montgomery, Ala., Sept. 14.—A democratic primary was held in the second congressional district Saturday to name a man to succeed the late Congressman A. A. Wiley. There were five men in the race for the full term, to begin next March, and one for the balance of the present term. The only issue has been that of prohibition.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. S.S.S. BEST TREATMENT FOR CATARRH

The entire inner portion of our bodies is covered with a soft, delicate lining called mucous membrane; this is kept in healthy condition by the circulation remains pure this membrane will be healthy, but when the blood becomes infected with catarrhal impurities and poisons this inner lining of the body becomes irritated and diseased, and the unpleasant and serious symptoms of Catarrh commence. There is a tight, stuffy feeling in the nose, watery eyes, buzzing noises in the ears, often slight deafness, difficulty breathing, etc. The disease cannot be reached by external treatment, though such measures afford temporary relief in some instances. S. S. S. cures Catarrh by cleansing the blood of all impurities and poisons. Then as rich pure blood circulates through the body, the inflamed, irritated membrane heal, the discharge ceases, headaches are relieved and every symptom disappears. Catarrh, being a disease in which the entire blood circulation is affected, can only be cured by a remedy that goes to the very bottom and removes every particle of the impurity from the blood, and this is just what S. S. S. does. Book on Catarrh and any medical advice free to all who write.

"That Which Is Worth Having Is Worth Advertising For"

The old adage that what is worth having is worth asking for is still true—true of the more intricate life of today.

The thing you want—whether it is a used piano or a home, whether it is a ready-made business or a lost pocket-book—is obtained readily through advertising, and with difficulty, or not at all, through other means.

EVERY NON-PROGRESSIVE MERCHANT BECOMES

Your Competitor

When You Cease to Advertise Aggressively

WHEN a merchant "slows up" in his advertising, and concludes to "save a little money" in that direction, then the merchant who never had the courage and foresight to advertise adequately BECOMES A REAL COMPETITOR. Even the merchant who never advertises at all reaps a certain amount of profit from the "slowing up" process of the live store.

Not many merchants, of course, who have at any time set the pace for progressive advertising, will be content to take a backward plunge into the company of the non-progressives, of the LITTLE MERCHANTS, the easily satisfied ones, the un-awakes! But that is just what the "live one" does when he imagines that his advertising is costing too much, and that its curtailment means "saving."

If business conditions ever suggest retrenchment in advertising, the wise merchant knows that this should be interpreted as a signal for "full speed ahead," for redoubled efforts to WIN the business that does not come so easily as usual.

TEMPORARY TRUCE

When Tammany Leaders and State Senator McCarren, Chicago, Sept. 12.—Information has been received from the democratic national committee that a temporary truce has been declared between the leaders of Tammany Hall and State Senator Patrick McCarren, of Brooklyn, and until election both sides will lay aside differences and join in active campaigning for the national and state elections in New York state.

Mr. J. Conners, democratic state chairman of New York, and Senator McCarren, are said to have held an

PATRICK H. MCCARREN.

conference in New York city today at which an arrangement entered into by which the McCarren delegates to the state convention Rochester will be seated.

Chairman Mack would not talk of reported peace pact, but said: "The situation in New York state every way satisfactory. Every one holding a proper certificate of election will be seated and the state convention will be harmonious."

FIGHT OVER MONEY MATTERS.

Man and Contractor Engage in Lively Encounter.

Chicago, Sept. 12.—Former City Engineer Joseph S. Martin, for many years a leading democratic politician, was arrested Thursday night after a desperate encounter with Peter McCarren, a contractor, in which McCarren was stabbed twice and Martin severely injured. The fight took place before the Martin and McCarren, 190 and 192 North State

Street was removed to the Passaic hospital, suffering from a wound in the right breast and one in the arm.

Martin was taken to the Alexian Brothers hospital. His nose was broken and he was otherwise badly hurt. Martin had quarreled over money with McCarren, for whom he had acted as real estate

"BEER" CONFISCATED.

Attempt at Hattiesburg, Miss., to Conduct Saloon Failed.

Hattiesburg, Miss., Sept. 12.—"Beer" cannot be sold in Hattiesburg, despite reports of the state legislature that the beverage contains less than 2 per cent of alcohol.

Hattiesburg's first "near beer" saloon was opened by a Chicago man yesterday and already the carload of beer comprising its stock has been moved to the county courthouse where it is being dumped into the Gulf.

Confiscation was made on the Hattiesburg District Attorney A. G. McCarren, who held that the Mississippi law provides no provision for sale of beer containing less than 2 per cent of alcohol.

Fruit Growers Organized.

Sept. 14.—Within a few days J. Carroll LaFolier will apply for a state charter for "Georgia Fruit Exchange," which will be the second step toward organizing the 4,000 fruit growers in Georgia who own and control 14,000,000 bearing peach trees. The final decision of the organization were perfect. The "organization committee" met in the office of H. E. LaFolier, chairman of the committee.

He recalled an instance. "I said 'I know now why the magazine has returned all your stories.'"

"Why is it?" he demanded, with hopeful eagerness.

"It is because you have always included stamps," said the young woman. "Haven't you ever read the notice on the editorial page which says that no MSS. are returned unless stamps are included.—New York Press."

DON'T BLAME HER

For she cannot help it. Women are often cross, irritable, hysteric, and declare they are driven to distraction at the slightest provocation.

Men cannot understand why this should be so. To them it is a mystery because in nine times out of ten this condition is caused by a serious feminine derangement.

A remedy is necessary which acts directly upon the organs afflicted, restoring a healthy normal condition to the feminine system, which will quickly dispel all hysterical, nervous and irritable conditions. Such is

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

The following letter serves to prove this fact.

Mrs. Mattie Copenhaver, 315 So. 21st St., Parsons, Kans., writes:

"For two years I suffered from the worst forms of feminine ills, until I was almost driven frantic. Nothing but morphine would relieve me. Lydia E. Pinkham's Vegetable Compound brought me health and happiness and made me a well woman."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

MEXICO'S SIGN LANGUAGE.

Gestures With a Meaning Understood by Every Tribe.

Mexico is a land of many tongues, but above the Indian dialects and Spanish there is one universal language, the language of signs. It is the most expressive of all. The Mexican eye and hand are eloquent members. It is capable of infinite variation. Its shades and suggestions are beyond all translation. But there are certain gestures that have a fixed meaning, a significance well understood by every nation and every tribe from Guatemala to Texas.

A general upward movement of the body, shoulders shrugged, eyebrows raised, lips pouted and palms outspread varies in meaning from "I don't know" and "I don't care" to a most respectful "Really, sir, I do not understand you."

The index finger moved rapidly from right to left generally before the face means "No more" or simply "No." To move the right hand palm outward from the body toward another person means "Just wait; I'll be even with you yet."

The index finger on the temple moved with a boring twist means "He's drunk."

The right hand held to the lips, three fingers doubled, thumb and little finger erect, varies from "He drinks" to "Have one with me."

To move the open hand over the cheek in imitation of a razor has reference to the idiom "playing the barber" and means "to flatter."

All four fingers and the thumb held points together and moved toward the mouth means "to eat."

The right hand held before the face, the two middle fingers moving rapidly, is a familiar salutation—"Modern Mexican."

The Helpmate.

The author's young wife burst in on him joyously.

"Oh, Mitt," she cried, "I know now why the magazine has returned all your stories."

Milton Wikar seemed to see light.

"Why is it?" he demanded, with hopeful eagerness.

"It is because you have always included stamps," said the young woman. "Haven't you ever read the notice on the editorial page which says that no MSS. are returned unless stamps are included.—New York Press."

CAUGHT IN THE ACT.

An interesting story concerning a former Mayor of Gainesville.

The Jacksonville Floridian of September 12th contains the following story regarding John F. Bartleson, who was for two terms mayor of Gainesville, but who for some years has resided in Jacksonville, where he is now engaged in the auction business:

"John Bartleson says he can't take off his shoes any more as he speaks into his home in the wee sma' hours."

"He tried the old game one time too often the other night, and was caught good and hard. His wife had improvised a new kind of an alarm clock, and as John's big number eleven came down on the myriads of inverted tacks strewn upon the staircase, the stillness of the night was broken by a scream that split the ceiling and shattered the window panes."

"His many friends are glad to see him out again, and though very painful to him, he is wearing both shoes. The 'antiphlogistine' with which they are lined enables him to hobble around pretty well, but he is naturally very sensitive over the occurrence, not because of the pain specially, but over the humiliation of being caught, and we warn the public generally that it is really dangerous to ask him what he is limping about."

"But 'John, the Screamer,' could offer old Solomon many splendid amendments to his 'It's all vanity and vexation of spirit!' He now says 'It really pays to be good!'"

The West Indies Hurricane.

The latest information last night of the tornado which originated in the West Indies some days ago and was reported as headed for Florida, was that it was off Key West and proceeding in a northerly direction. If it continues in that course it will not hit the Florida coast, but will cross the Gulf of Mexico. Storm signals were still displayed at all Atlantic and Gulf Coast ports last night, however, and vessels warned to remain in port, as these West India tornadoes are liable to change their course at any moment.

The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach we are utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Dr. Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. E. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead. Dr. Pierce's great thousand-page illustrated Common Sense Medical Advisor will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

GAINESVILLE WAS NO MATCH.

The Fast Daytona Team Showed Them How to Play Ball.

The game of ball at the park Monday between the Daytona colored team and the University City boys resulted in a walk-over for the visitors.

The Daytona darkeys know the game, and know how to play it from every standpoint, and it is a surprise that they even allowed the local colored team to score as many as five runs.

One of the features of the visiting team was the immense walloping they gave the ball at every opportunity. They did what no other team, white or colored, has ever yet done on the diamond here, that of knocking three home runs in one game.

They will play again today at the park, the game being called at 3:30 o'clock, and the Gainesville end expects to strengthen their team for the contest and give them some show for traveling so far to play ball.

FALSE, SAYS MR. BRYAN.

He Alluded to Statement Made by Hearst in Atlanta.

Cumberland, Md., Sept. 14.—Continuing his campaign eastward, William J. Bryan, democratic candidate for president, arrived here at 8 o'clock on Saturday morning, in his special car, Olive, over the Baltimore and Ohio railroad. John T. McGraw, national committeeman from West Virginia, and whose guest Mr. Bryan was at Deer Park, accompanied him from Washington.

Mr. Bryan was asked regarding the statement made at Atlanta by Mr. Hearst that Mr. Bryan four months ago asked this support for the presidency, promising to support Hearst in 1912. "Absolutely false," was the only comment the democratic candidate would make.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. S.S.S. BEST TREATMENT FOR CATARRH

The entire inner portion of our bodies is covered with a soft, delicate lining called mucous membrane; this is kept in healthy condition by the nourishment and vital vigor it receives from the blood. So long as the circulation remains pure this membrane will be healthy, but when the blood becomes infected with catarrhal impurities and poisons this inner lining the body becomes irritated and diseased, and the unpleasant and serious symptoms of Catarrh commence. There is a tight, stuffy feeling in the nose, watery eyes, buzzing noises in the ears, often slight deafness, difficulty breathing, etc. The disease cannot be reached by external treatment, though such measures afford temporary relief in some instances. S. S. S. cures Catarrh by cleansing the blood of all impurities and poisons. Then as the pure blood circulates through the body, the inflamed, irritated membrane heals, the discharge ceases, headaches are relieved and every symptom disappears. Catarrh, being a disease in which the entire blood circulation is affected, can only be cured by a remedy that goes to the very bottom and removes every particle of the impurity from the blood, and this is just what S. S. S. does. Book on Catarrh and any medical advice free to all who write.

"That Which Is Worth Having Is Worth Advertising For"

The old adage that what is worth having is worth asking for is still true—true of the more intricate life of today.

The thing you want—whether it is a used piano or a home, whether it is a ready-made business or a lost pocket-book—is obtained readily through advertising, and with difficulty, or not at all, through other means.

EVERY NON-PROGRESSIVE MERCHANT

BECOMES

Your Competitor

When You Cease to Advertise Aggressively

WHEN a merchant "slows up" in his advertising, and concludes to "save a little money" in that direction, then the merchant who never had the courage and foresight to advertise adequately BECOMES A REAL COMPETITOR. Even the merchant who never advertises at all reaps a certain amount of profit from the "slowing up" process of the live store.

Not many merchants, of course, who have at any time set the pace for progressive advertising, will be content to take a backward plunge into the company of the non-progressives, of the LITTLE MERCHANTS, the easily satisfied ones, the un-awakes! But that is just what the "live one" does when he imagines that his advertising is costing too much, and that its curtailment means "saving."

If business conditions ever suggest retrenchment in advertising, the wise merchant knows that this should be interpreted as a signal for "full speed ahead," for redoubled efforts to WIN the business that does not come so easily as usual.

TEMPORARY TRUCE.

When Tammany Leaders and State Senator McCarren. Sept. 12.—Information has been received from the democratic national committee that a temporary truce has been declared between the leaders of Tammany Hall and State Senator Patrick McCarren, of Brooklyn, and until election both sides will lay aside differences and join in active campaigning for the national and state elections in New York state.

Mr. J. Connors, democratic state senator of New York, and Senator McCarren, are said to have held an

PATRICK H. MCCARREN.

conference in New York city today at which an arrangement entered into by which the McCarren delegates to the state convention at Rochester will be seated.

Mr. Mack would not talk of reported peace pact, but said: "The situation in New York state is every way satisfactory. Every action holding a proper certificate will be seated and the election convention will be harmonious."

NOT OVER MONEY MATTERS.

Man and Contractor Engage in Lively Encounter. Sept. 12.—Former City Engineer Joseph S. Martin, for many years a leading democratic politician, was arrested Thursday night after a desperate encounter with Peter

McCarren, a contractor, in which McCarren was stabbed twice and Martin severely injured. The fight took place before the Martin and McCarren, 190 and 192 North State street.

McCarren was removed to the Passaic hospital, suffering from a wound in the right breast and one in the left arm.

McCarren was taken to the Alexian hospital. His nose was broken and he was otherwise badly hurt.

McCarren had quarreled over money with Martin for whom he had acted as real estate

"BEER" CONFISCATED. Sept. 12.—An attempt at Hattiesburg, Miss., to conduct saloon failed.

Hattiesburg, Miss., Sept. 12.—"Beer" cannot be sold in Hattiesburg despite reports of the state that the beverage contains less than 2 per cent of alcohol.

Hattiesburg's first "near beer" saloon opened by a Chicago man yesterday and already the carload comprising its stock has been moved to the county courthouse to be dumped into the Gulf.

Confiscation was made on the order of District Attorney A. G. McCarren who held that the Mississippi law has no provision for sale of beverage containing less than 2 per cent of alcohol.

Fruit Growers Organized. Sept. 14.—Within a few days J. Carroll Lastner will have organized a state charter for the Georgia Fruit Exchange.

This will be the second step toward organizing the 1,000 fruit growers in Georgia who own and control 14,000 acres of peach trees. The final step will be the organization of a "protection committee" to be elected in the offices of H. J. Lastner, chairman of the committee.

Resulted in instance. "I don't know," said that lady's husband, "but you ever say anything about it?" "I said 'No' once and I said 'Yes' for it ever since."

DON'T BLAME HER

For she cannot help it. Women are often cross, irritable, hysteric, and declare they are driven to distraction at the slightest provocation.

Men cannot understand why this should be so. To them it is a mystery because in nine times out of ten this condition is caused by a serious feminine derangement.

A remedy is necessary which acts directly upon the organs afflicted, restoring a healthy normal condition to the feminine system, which will quickly dispel all hysterical, nervous and irritable conditions. Such is

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

The following letter serves to prove this fact.

Mrs. Mattie Copenhaver, 315 So. 21st St., Parsons, Kans., writes:

"For two years I suffered from the worst forms of feminine ills, until I was almost driven frantic. Nothing but morphine would relieve me. Lydia E. Pinkham's Vegetable Compound brought me health and happiness and made me a well woman."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

MEXICO'S SIGN LANGUAGE.

Gestures With a Meaning Understood by Every Tribe.

Mexico is a land of many tongues, but above the Indian dialects and Spanish there is one universal language, the language of signs. It is the most expressive of all. The Mexican eye and hand are eloquent members. It is capable of infinite variation. Its shadings and suggestions are beyond all translation. But there are certain gestures that have a fixed meaning, a signification well understood by every nation and every tribe from Guatemala to Texas.

A general upward movement of the body, shoulders shrugged, eyebrows raised, lips pouted and palms outspread varies in meaning from "I don't know and I don't care" to a most respectful "Really, sir, I do not understand you."

The index finger moved rapidly from right to left generally before the face means "No more" or simply "No." To move the right hand palm outward from the body toward another person means "Just wait; I'll be even with you yet."

The index finger on the temple moved with a boring twist means "He's drunk."

The right hand held to the lips, three fingers doubled, thumb and little finger erect, varies from "He drinks" to "Have one with me."

To move the open hand over the cheek in imitation of a razor has reference to the idiom "playing the barber" and means "to flatter."

All four fingers and the thumb held points together and moved toward the mouth means "to eat."

The right hand held before the face, the two middle fingers moving rapidly, is a familiar salutation.—"Modern Mexico."

The Helpmate.

The author's young wife burst in on him joyously.

"Oh, Milt," she cried, "I know now why the magazine has returned all your stories."

Milton Wisker seemed to see light. "Why is it?" he demanded, with hopeful eagerness.

"It is because you have always enclosed stamps," said the young woman. "Haven't you ever read the notice on the editorial page which says that no MSS. are returned unless stamps are enclosed.—New York Press."

A WARNING

I have learned that certain persons are representing themselves as agents, and taking orders for pictures, claiming I will finish them. In some cases the pictures given to me have been lost—pictures of dear ones which cannot be replaced. I have agents, never did, and never will I deal directly with my patrons all work. I cannot afford to pay agent out of the prices I charge for the high-grade work I do. Bring enlarging to me and you are not insured against loss of the original but will have a guarantee of a full likeness and an artistic finish.
